# President's Message

Hello folks,

Here it is July already. It's HOT of course, and so is the fishing. I have been working with other ACFA board members and friends to find some way for us to hold meetings and tournaments legally and safely. Guidelines laid out by the State Health Department (ADPH) to restrict the spread of the Covid-19 virus, control what we can (or rather cannot) do as a group.

So far, the best option seems to be to try and host the meeting 'virtually' via the internet. **Testing new waters, we intend to try that this coming Thursday July 9<sup>th</sup> at 7pm using the "Zoom meeting" format.** This is a powerful online tool which can bring remote people together with an interactive format using their personal computer or even on a cellphone. Not as good as meeting face-to-face, but hopefully the next best thing. Details are included elsewhere in the newsletter, and will be mentioned on the Facebook page, website and our fishing forum...

Following our meeting, we do plan to have our **first tournament of 2020 on July 11<sup>th</sup>**. Considering we have not been able to have a tournament so far this year, plus the RMYAT will be running concurrently, **ALL TWELVE of the ACFA recognized species will be eligible: speckled trout, redfish, flounder, sheepshead, white trout, groundmullet/whiting, spanish mackerel, blackfish, black drum, croaker, gafftop-sail catfish, and pompano.** Under the current circumstances, **food will NOT be provided!** We must encourage everyone participating in the tournament to weigh their fish and NOT loiter near the tables and board or get in close proximity to the weigh in officials or each other. IF you do remain on the site, PLEASE bring lawn chairs and practice good 'social distancing' with those from other households.

We want everyone to have a good time, but we can't risk anyone getting sick because we did not take proper precautions. To minimize possible exposure between members and member groups (families) we strongly encourage our members and guests to abide by the prescribed guidelines of social distancing. While at the weigh-in site wear a mask (if possible) especially if you might find yourself standing close or talking to others outside your household group. The weigh-in table will have 'distancing cones and several 5-gallon buckets to help each angler or family group maintain the prescribed social distance (6 feet).

God Bless and good luck fishing!

**David Thornton - ACFA President**

# Fishing Highlights

Thank you for the great responses and picture submissions to **Robert Thornton** this month! It looks like plenty of members are having a great fishing season. Please keep sending us your pictures for a chance to get highlighted in the newsletter.

Several young anglers have been landing some really nice trout this past month! **Chatwin Summers** (left) holds dinner, **David and Ellis McDonald** (2nd) pose with a particularly spotty trout, and **Marabella and Decian O'Brien** show off some nice gator trout! Great job guys!

This time of year, almost everything is biting. **Gwen, Whit, and Shayne Traylor** (left) found a nice sheepshead bite. **Randy Bosarge** holds a nice black drum with **Raelynn and Kenzleigh** (2nd). **Fae and Shane Schuchardt** (3rd) pose with a shark caught right off the beach, and **Cooper Mann** (4th) brings home flounder and crab. **Chad and Chatwin Summers** (right) show off some stud pompano.

The adults have been getting after the inshore species too. **Leigh and Tim Pierce** (left and center) show off some nice trout caught on a pretty day with clear summer water. **David Thornton** caught a real stud trout in the surf and managed to get a measurement before the release for the CPR contest!

Tarpon are annual visitors to our region in the hot summer months, and a few of our members know how to target them. **Pat and Wendy Troup** managed to land this incredible tarpon and captured a great photo with the beast.

We may be an inshore club, but the weather has been so nice that several club members have made the short trip offshore to bring back dinner!

**Summer, Josh, and Weston Tidmore** brought in some incredible snapper (left three) this past month! **Michelle Nall** (right) also knows how to get it done with a very fine red snapper ready for the dinner table!

**Sean, Amber, and Piper Pipkin** (left and 2nd picture) and **David Skoglund** (2nd) brought in a mixed bag with plenty of red snapper, mangrove snapper, and ling. **Lucas and Kevin Chalk** (3rd and right) found some big sow snapper.

**Wendy and Pat Troupe** (left three) put together a nice stringer with red snapper, triggerfish, and ling. **Leigh and Tim Pierce** (right) display a big mess of fish with beeliners and big red grouper filling in the bag.
