

March Madness tournament results

In spite of a gloomy forecast, the rain held off for most of the days leaving anglers with just a “little breeze” to contend with while trying to win a coveted ACFA plaque and tournament points. At least 46 anglers braved the conditions to fish. All of those club members, as well as many more who didn't have fish to weigh, didn't let a little rain stop them from enjoying the camaraderie, fish stories, and great food on the covered porch at the weigh-in site. We encourage all club members, even if they don't have fish to weigh, or even if they didn't have a chance to wet a line that day, to come out to tournament weigh-ins to enjoy the fellowship this club has to offer.
