## ACFA October Tournament Preview—Fall Is In The Air...

The last ACFA tournament has traditionally been 'put off' until the third Saturday in October (hmm that date sounds familiar) to give the great fall delta fishing a chance to get heated up while the weather gets cooler. In honor of two of our deceased ACFA founding members, the October ACFA Tournament has been renamed the "**Mutt Burke and Bill Midgette Memorial Causeway Classic.**" For years these two gentlemen help steer the direction of the club by their personal contributions of time and talent. Their favorite venue was fall Causeway fishing and they have left us a legacy of good memories and some great maps. The 4 species this month are Speckled Trout, Redfish, Flounder, and Sheepshead. Keep in mind you can fish anywhere you want, but **MUST LAUNCH** from the Causeway.

Also, in honor of departed Bill Midgette and Mutt Burke, **Mike Thompson** (the ACFA founder) will be giving out the American Angler prize package to the ACFA member amassing the most tournament points at the Mutt Burke Causeway Classic. This package will consist of several American Angler products and will also include a couple of the Dynamic Duo's favorite lures. To top off the package there will also be a coupon for breakfast at the two legends favorite place to eat and have coffee before a fishing trip... Whataburger. Mike will be at the meeting to discuss this prize package and display exactly what the lucky angler will be receiving.

Speaking of heating things up, our outgoing Food Chairman, Vince Hawkins wanted to remind everyone they are invited to bring a small pot of chili to the weigh in at Scott's Landing to share and compare. Keep in mind the entry by Vince's wife **Dana Hawkins** took top honors last year in our Chili Cook-off. As usual the club will provide, bowls, spoons, paper towels, rice and cheese, we just need your chili, your appetite and someone to help me "put out the fires" and judge which is best ;-) Hope to see you there!

### President's Message:

September 6 at 5:59pm my son Cooper Fisher Garmeson was born, just as the previous ACFA meeting got underway. Both my wife Autumn and our son Cooper are doing well, so thank you for all the well wishes. I need to thank Joey Gates for doing such a good job stepping in for me at the last meeting. We are down to our last tournament for the 2012 season so it's time to go big or go home and go out with a bang. In honor of the longtime fishing team of Bill and Mutt the October tournament has officially been renamed the "**Mutt Burke and Bill Midgette Memorial Causeway Classic.**" Our upcoming meeting will feature an encore presentation from Captain Bobby McElroy, also Alan White will be discussing the Alabama Inshore Championship Trail which had a lot of ACFA participation. This year as with most every year we are going to have several board positions available and plenty of need for those who want and can help the club. Each and every board member position plays a vital role in the continuing success of the ACFA. Please give me a call if you would be able to help. Water temperatures are still lingering in the low 80's so we are now in a transition period. This means that you may be able to find a fall pattern bite in the delta the same day as your buddy found a good bite at the rigs. Over the next couple of weeks we will hang in this transition period until the weather really cools off, so good luck.

Capt. Patric Garmeson

## ACFA September Meeting Recap

The September meeting was chaired by Joey Gates our able Vice President while Patric Garmeson was occupied at Thomas Hospital with his wife Autumn delivering and weighing in their newest family member Cooper Fisher Garmeson at 8 pounds 4 ounces and 21 inches.

That's another 8#r for Patric ;-)

Thanks to Joey and the speakers Joe Dear, and Lee Minto for the great presentations and to all who participated in the round-the-room fishing reports. Trenny Woodham won the raffle for the Onos' Sunglasses. These raffles have been a great asset to the club this year as the proceeds have paid for the rent on the meeting hall each month, a HUGE savings.

## October Meeting Previews

The main speaker of the October meeting will feature longtime ACFA member Captain **Bobby McElroy** of **Alabama Inshore Fishing Charters** (251) 533-7957 Find out more@ <http://www.alabamainshorefishingcharters.com/> For years Bobby has entertained the club with his verbal treatise on the art of preparing and fishing different hard baits for speckled trout fishing. Even if you've heard him speak on the subject before, Bobby is always "spearmintin" with new baits and new ideas about catching trout with them. So listen up...

And David Hare will be on hand to do the 'Quick Hits' segment. Stay tuned for some oldies but goodies from the 'BURL MINNOW', plus some new tips .

The raffle this month will feature a new **Boga Grip** set. That's a \$115 value for \$1, or \$5 or \$10 or however much you can spare! That will be quite a bargain for some lucky angler. And remember each ticket not chosen in the raffle goes into the door prize drawings to increase your odds of winning there. All this and more is just waiting for you October 4th.

**Catch, Photo and Release (CPR) Speckled Trout Contest Standing as of September 20, 2012**

At least the top 5 place CPR Speckled Trout will receive plaques at the end of the year.

Keep in mind that EVERY participation point you earn in each of our 8 club tournaments gives you another chance in our 'PP Drawing' at the end of the year Awards Banquet (held in December).

ACFA is a local inshore saltwater fishing club. Meetings are held the first Thursday of each month to promote friendship, sportsmanship, and **conservation** along coastal Alabama.

**New: NETMAN (or WOMAN) of the Year Category!**

19. Any ACFA angler at the time of their weighing in a tournament fish who declares the eligible member or dependant who actually netted that fish for them (including themselves) will be awarded the same number of points in a separate category called "Netman of the Year". These points will be tallied and kept for the duration of the tournament season and the angler with the most accumulated "net" points will receive this award during the December Banquet.

**NOTE:** these point totals are entirely separate from the traditional Tournament Point Standings and have no bearing on the Tournament Points or Master Angler

## ACFA: Meet the Angler

### Vince "Hawk" Hawkins

Don't let his soft-spoken style fool ya, Vince Hawkins is a 'HAWK' on all sorts of game and fish in our area.

Vince Hawkins aka "hawk" is a lifelong resident of Mobile County. He grew up in Chickasaw, but spent most weekends on the creeks and lakes off the Tombigbee River around Bates Lake. He was fortunate enough to have a father that helped instill in him a love of the outdoors and spend time making memories that are with him even 35 years later. Vince graduated from Satsuma High School in 1988 and then the University of Montevallo in December of 1992.

He began working at CPSI in 1993 and has been there ever since. He has been married to his darling wife Dana for 18 years and they have two beautiful daughters (13 and 10).

Vince learned about the ACFA through the club's website and joined both in 2006. Until then he really only fished for flounder and Redfish/Specks were considered "bycatch". Vince was a club member for only one year, before assuming a Board position as Statistician, where he served for two years. In 2008 he was elected President, where he served the club for three years and was awarded the ACFA Member-of-the-Year "Founder's Award" in 2011. This year Vince has continued to help the club by taking over the Membership Chair AND coordinating the Food committee to assure we had nice meals at every ACFA weigh in.

He states these achievements, not to be boastful, but rather to let every member know that anyone can hold any position in the club, regardless of how long you have been a member. Currently his girls' softball and coaching are conflicting with ACFA meetings and some tournaments, so he will be "retiring" from his board positions at the end of this year and need others to 'step up' and help.

Vince has become what he describes as a "decent" inshore fisherman. He credits 99.9% of what he has learned to fellow ACFA members. The friends he has made would never have taken place without the ACFA and for that, he is thankful. Listen to people at the meetings and introduce yourself to new people and you will be amazed at what you will learn. Knowing where fish are biting is the biggest key to success. Learning how to make them bite what you throw comes from trial and error and tips from your new friends in the club. Have FUN, and take your kids fishing when you can. It will make memories for a lifetime and theirs.

### ACFA Guide's Tip of the Month

#### Making a good game plan by: Captain George Harrison

If you want to try and make sure you will have a successful trip and catch fish you have to start with a good game plan. Making a good game plan begins as much as a week in advance by thinking of where you will be fishing and maybe even picking the best day based on weather forecasts and other information available. I try to look at the weather daily and watch the tides and water clarity all through the week. Come fishing day, that helps me decide the most favorable locations. To me the wind is one of the biggest factors when it comes to choosing where I am going to fish. But be sure and have several alternate spots picked out in case the first few don't work for you.

Networking with other fishermen you know and trust (like in the ACFA) who have been fishing those areas doesn't hurt either. And last but not least always call the bait shops in advance the day before and see who has live bait. That is much better than when you get there and figure it out the hard way at 5 in the morning.

*George is a USCG licensed inshore fishing guide and can be reached @ (251)367-7685  
More information can be found online @ <http://elfkin7087.wix.com/harrisonfishing#>!*

If you have any recommendations for area guides you would like to see included in this regular segment or pictures or reports of ACFA members fishing with area guides ... PLEASE email them to me at [pierpounder2001@hotmail.com](mailto:pierpounder2001@hotmail.com)

### Nominations For ACFA Board Positions

Will be open until the November meeting when the members present will vote to approve (or select) new chairpersons. EVERY club member should search their soul to try and make a contribution to keeping the ACFA growing by volunteering to chair or help with a board position. Several positions will be opening this year and the current member holding that position will be available to brief and support you in your orientation and adjustment. In addition we are revamping our efforts to better document and describe the duties of each position to better serve the new board members in their transition. We are set up NOT to fail! And any chair person will have as much (or as little) support as they need to fulfill their duties. What we have seen in the past is that competent people will step forward, but most only when they see no one else has. This year we actually had two chairs held by a single person because others did not step up to the call. Wouldn't it be great if the ACFA had to actually choose between two competent candidates for a single office? All it takes is for people to care enough to say "I would like to help."

**WANTED:** interested, caring ACFA members to fill the following positions; Newsletter Editor, Awards, Quick Hits, and Food.

## ACFA Members in Other Tournaments...

Members of the Alabama Coastal Fishermen's Association literally weighed heavily in the Alabama Hunger Relief's inaugural **Alabama Inshore Championship Tournament Trail** in the final results. After the four qualifying tournaments, 18 current ACFA members have filled about a third of the available places to qualify for the Invitational Championship to be held on Saturday October 13, 2012. Those ACFA team members' names are highlighted (in bold) in the standings listed below (hope I got everybody, and didn't miss anyone. If so, my apologies ;-). Let's cheer these guys on as they face off for the Championship and be at their weigh in on the Causeway. In addition to the Slam Championship, an open Speck Jackpot and 'Spot' Red Tournament will be held simultaneously. You do NOT have to be in the Championship to enter these two categories. Tournament Coordinators (Alan White & Hunter Maples) will be at the ACFA meeting Thursday October 4 to discuss the details of these tournaments and thank the ACFA for supporting the events so well. Also they will accept **IN WRITING** feedback, comments or suggestions on the AIC Tournaments to make it even better next year.
