

## July Tournament Results...

This year's July 'Rodeo Warm-up' Tournament held Saturday July 7th turned out to be a fine day (at least from my perspective ;-)  
Despite the NEAP tide, early am storms in the south end of the bay and increasing southwest winds during the day some outstanding fish were weighed in though white trout were hard to come for some reason.

With the inclement weather, the upper part of the bay seemed to a more favorable place to be.

My partner, Patric Garmeson (aka Ugly Stik) and I were fortunate enough to have found an area with some cooperative nice sized specks that turned onto the big live shrimp we had. The last trout we caught (after noon) upgraded our creel just enough to edge out the team of Bill Midgette and Mutt Burke who caught their specks throwing nothing but artificial baits.

A contrast in styles with similar results shows some of the diversity of the fisher folk that make this fishing club so great!

## Thank You!

To our all volunteer cooking team headed by Brenda Pate (aka Velvet Tines), Scott Godwin (aka flyonwall9) and Mike Lee (aka cypressshoresdecoys) and their assistants: Shannon, Austin and "Mrs. CSD".

The bar-b-que and smoked chickens were just fantastic (and ohhhh, that sauce ;-)  
NObody went away hungry for sure!

A follow up: please keep Scott in your thoughts and prayers as he was admitted to the hospital this past week.
