Upcoming Dates

- Thur. Oct. 6 - ACFA Meeting
- Sat. Oct. 22 - ACFA Tourney
- Thur. Nov. 3 - ACFA Meeting
- Fri Dec. 2 - Awards Banquet

President's Message:

The first couple of 'cool & dry' fronts this year have certainly changed the look and feel of things for the better around here recently. After a long, HOT & WET summer, fall has finally arrived and a traditional 'fall-like' fishing pattern seems to be developing as the area dries out. River levels upstate have been running consistently low these past couple of weeks, and if that trend continues the water in the Delta and upper Bay should salt up nicely. The local rivers are looking good with a great crop of menhaden, shrimp and crabs which should help get the fish fired up this month. Our final tournament will be October 22nd, and that should be a fun time on the Causeway to appreciate what the Delta offers us. Thank goodness we were spared the wrath (and rain) of hurricane "Ian", and prayers for folks in southwest and south central Florida and South Carolina who will have to deal with the devastating aftermath.

David Thornton - ACFA President

OCTOBER MEETING PREVIEW

Come join us at [Moes' BBQ](#) on Thursday, October 6th at 6:30 PM for our 9th meeting of this year. As always, we will enjoy great Moe's food and a time of fellowship with other local fisherman. Our speaker this month will be Dr. Ruth Carmichael with the Dauphin Island Sea Lab. Dr. Carmichael is a Senior Marine Scientist at the Sea Lab and Director of the DSL Manatee Sighting network among many other positions. Dr. Carmichael will be speaking about manatees in our area along with the Alabama Marine Mammal Stranding Network that she operates and just the state of our ecosystem as a whole. It should be a very informative talk.

As always, we will have door prizes and raffle (a rod & reel combo) . You don't want to miss out on a chance for that!

October 22nd "Burke and Midgette Causeway Classic" Tournament Preview

It looks like the lack of rain and "fall-like" weather are shaping up for a great causeway/river bite for our 8th and final tournament of the year. The weigh-in will not be held at the usual DIP location, but on the causeway at [Hooked Up by the Bay](#) (the old Scott's landing location.) If you're launching at their ramp make sure you don't forget your \$5 launch fee.

Romie Perez will be cooking up some of his famous "Trout Romez" along with fixings, so make sure you show up to the weigh-in with an empty belly because the food will be top-notch as always. Our tournament species this month will be Redfish, Speckled Trout, Black Drum (all slots), Flounder, and Croaker. But don't forget you can weigh in any of the 12 eligible species at any tournament for the BFC.

Perry Stokely is currently sitting in first in tournament points, but Robert Howell is close behind and a few others are still within striking range of the win. This is your last chance y'all! Also, a special plaque will given for the largest speckled trout caught on artificial in honor of Matt Burke and Bill Midgette and their fishing "artificial-only" for years. Hope to see you out there!

OCTOBER FISHING FORECAST

October is traditionally one of the best months for fishing along the Alabama coast. As everything is starting to cool down you can expect fishing to just be heating up! Early October marks the beginning of the fall transition as the fish start moving from their summertime haunts in open water into more of a fall and winter time pattern. Top areas to target this month are around the mouths of the tidal rivers and bayous as the fish "stage up" to move into them as the water begins to cool. Flounder especially will be grouping up as they prepare to begin their fall migration to their spawning grounds out in the gulf. You can expect some hot flatty action through the next few weeks leading up to the November closed season. Top baits are finger mullet and bull minnows to target the larger flounder but you can also get on some great action with Gulp or Fishbites Fightclub lures hopped along the bottom on a jig head. The flounder will generally be holding tight to structure, so look for them around rocks, dock pilings, drop offs, or anything else that offer them a place to ambush bait. You'll inevitably run into some redfish "by-catch" while targeting flounder, but you can key in on them by focusing on the mouths of smaller creeks and cutoffs in marsh. Live or artificial shrimp under a popping cork can be deadly for slot sized reds. The jumbo bull reds will be schooling up along the beaches. The action around Sand Island and Dixey bar at the mouth of the bay can get very hot with nearly instant hookups on giants. Nearly any bait or lure will work when they're biting! The speckled trout bite will also be getting hot. Flocks of gulls diving on shrimp will give the schools away and it's hard to beat a Vudu Shrimp under a popping cork for a quick limit in those situations. All in all, October is one of the very best months for fishing here in Alabama. All you have to do is get out there!

OTHER UPCOMING TOURNAMENTS

OCTOBER 8TH - DOG RIVER FISHING TOURNAMENT

Held at the Grand Mariner Restaurant, benefiting the Dog River Clearwater Revival, the 12th Annual Dog River Fishing Tournament will be paying out over \$2000 in CASH prizes and other awards for Redfish, Speckled Trout (over-slot accepted), and Flounder with both Adult and Junior divisions. Adult entry fee: \$35. Junior: \$15

OCTOBER 29th - MBKFA 5 Rivers Kayak Tournament

Mobile Bay Kayak Fishing Association is holding their 16th annual 5 Rivers weigh-in style kayak tournament at Delta Port boat ramp on West Fowl River. The categories are Redfish, Speckled Trout, Flounder, Bass, Inshore Slam, and Leopard Redfish with an optional \$10 Flounder Jackpot. There will be cash payouts and many other prizes and raffles including guided kayak trips, a salt strong membership, and many others. Entry fee is \$60

OTHER NEWS & Notifications

- Time is running out for the Catch, Photograph, Release (CPR) and Big Fish (BFC) contests. You have until November 14th to get your entries in. Remember, your CPR and BFC contest points are added to your tournament points to choose the Anglers of the Year (AOY). Get after them!

2022 LOGO ITEMS: NOW ON SALE!

Our ACFA Logo Items co-Chair wives Allie & Christian Summers, along with Chatwin Summers will have shirts, car tags (\$20), koozies (\$5-\$10), hats (\$20), stickers (\$5), and visors (\$15) available for sale at the October 6 meeting.

"New member kits" should also be available at the meeting.

Shirts need to be pre-ordered (long-sleeved dri-fit) (\$25 for regular sizes, and \$30 for plus sizes). They will be printed per your size and color preference and then picked up at the next meeting.

If you need anything else, or would like to see additional items like ACFA sunglass lanyards, keychains, etc. contact:

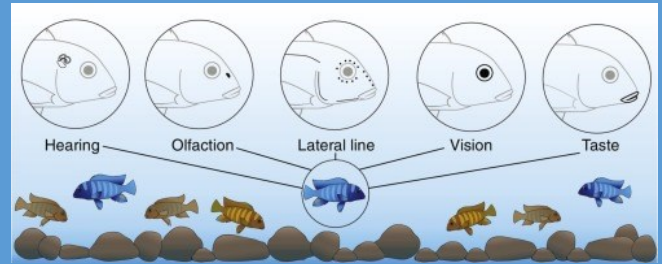

Chad Summers: 251-680-5271

September 8th Meeting Recap

We would like to thank all our guests and sponsors from the last meeting! We had a good turnout with great food as always at Moe's BBQ!

Our speaker last month was none other than our very own president, David Thornton. The "Pier Pounder" gave a very informative talk expanding on his recent article for Great Days Outdoors Magazine: ["Can Fish Smell Bait Underwater?"](#).

David spoke a lot about the science behind fishing and explained the biology of a fish and the different sensory organs that they use to find food and then most importantly, how we can take advantage of them. He broke down the

reasons why some lures and baits will outproduce others in certain conditions and which ones we should choose based on the conditions for the best chance of success! The top takeaway was to let the conditions dictate your

Conditions of Water, Depth & Time of Day Should Dictate Methods

Low light & still = Topwater will attract fish by sound/vibration
Bottom fishing w/dead bait or bounce grubs

More visibility = more movement from bait, more lifelike lures
deeper in the water column (3 dimensional)
"match the hatch" either with live or artificial

Extreme visibility (clear water & bright sunlight) = reaction strikes
Either free-lined live bait or fast moving lures:
(spoons, plugs, jigs) depending on species & depth

Lure/Bait Choice "Cheat Sheet"

method. In low visibility scenarios, such as murky water or dawn and dusk, a fish's vision is impaired, so they'll lean on their other senses more to feed. Use lures with lots of noise and vibration with bright colors that will get their attention. Dead bait or scented lures also work well in these situations. As visibility increases, fish will rely on their eyesight more and you need to fish deeper in the water column. Choose a lure or bait that's a little more natural looking and "matches the hatch." Jigs and swimbaits in a "natural" color or live bait shine in these conditions. Extremely clear water and bright sunlight require you to either scale down your tackle for an extremely natural presentation or speed up your retrieve to try to draw "reaction" strikes. Something worked quickly with some flash, like a jerk-bait or spoon can trigger strikes even when the fish are not actively feeding. Just remember to pay attention to what's going on around you and don't be afraid to change up your presentation when something is not working!

September 10 “End of Summer” Tournament Review

A bright full moon the night before made for a slow bit for our September “End of Summer” tournament, but as always, the ACFA members stuck it out and managed to bring some excellent fish to scales!

New member, **Colton Carlisle** brought in a **2.88lb** beauty to top off the **speckled trout** category, with **Terry Wilson** very close behind with a solid **2.81lb** specimen. 3rd place (**2.19lb**) was taken by **Robert Howell** as part of his great inshore slam that also included the 1st place **flounder** at **1.85lbs** and a fine **4.14lb** **redfish** that placed 5th. There were some fine **croaker** weighed in with **Trey Holliday** taking the top spot with **0.76lbs**. Only two **spanish** made it to the scales but they were bona-fide hammers with both **Shane & Rebecca Schuchardt** weighing ones well over 3 lbs! (**3.28lb & 3.18lb**).

Robert Howell with a fine
inshore slam

Richard Clark with a 2nd
place speck and 3rd flounder

In the junior division, **Chatwin Summers** was up to you his usual antics with 1st place speck and top flounder at **1.90lbs** & **1.76lbs** respectively. In his first ACFA tournament, **Richard Clark** brought in a good **1.24lb speck** for 2nd place and 3rd place **flounder** at **1.15lbs**. Taking the middle spot in the flatty category was **Jack Wilson** with a **1.67lb**. Lastly, but certainly not least, **Isaiah Lindquist** was the only junior angler to bring in a **Croaker** that made the 0.5lb minimum with a fine **0.74lb** specimen.
