## Upcoming Dates

- Fri. Dec. 2 - Awards Banquet

# President's Message:

It's time to put a wrap on the ACFA 2022 season! Our 26<sup>th</sup> year is in now the books and the only thing left to do is get together and celebrate it! Please come join us at Moe's BBQ Friday evening December 6<sup>th</sup> @ 6pm for some fine food and fellowship. This evening we will award our junior and adult tournament winners, BFC winners, CPR winners, Netman of the Year, Tournament Champions, BFC and CPR Champions, Lady and New Anglers of the Year, and crown our Master Anglers.

As usual there will be dozens of plaques, awards, trophies to give out, and we need folks there to cheer them on! Plus we will give away the Grand Attendance Prize (worth several hundred dollars) to one of our lucky members who attended at least 8 of our 10 yearly meetings. And don't forget the door prizes! We have a bunch of "goodies" to give away including fishing gear and gift certificates.

This was another unique and entertaining year in the club's storied history. Certainly not without challenges, and I'm not just talking about the crazy weather. But with rewards and records of its own.

BTW: Please bring desserts!!!

## ACFA Club Officers for 2023

Thanks to all those who have served as club officers in 2022 and in other years past. These folks (and 2023 officers) will be recognized at the Awards Banquet December 6th. As we now have a full slate of officers lined up for our 2023 season:

## DECEMBER AWARDS BANQUET PREVIEW

Y'all join us on at Moe's Barbecue on Friday, December 2nd at 6:30 PM for our final meeting of the year! Food will be catered by Moe's buffet style. Please bring a dessert if you are able. After the meal we'll proceed with the awards ceremony. Plaques will be given out to all our contest winners, to conclude with us crowning our 2022 Master Anglers! After the awards we'll have drawings for assorted door prizes and raffles before wrapping up for 2022! Thanks to everyone who participated and volunteered in the club this season. We're excited to have more good times making new memories in 2023!

## DECEMBER FISHING FORCAST

We're now in a true late-fall/winter pattern here on the Alabama coast. The specks are starting school up in force in the tidal river systems and will readily eat a properly presented artificial lure. A plastic grub or paddletail dragged or hopped along bottom will catch big numbers of both white and speckled trout, though it's hard to beat *the Slick lure* or any walk-the-dog style topwater plug when specifically targeting trophy specks. When the temperatures drop, look for the trout in the deepest holes and bends in the system as the deeper water is less affected by the cold and therefore more comfortable for the fish. Don't be afraid to check the shallows again though during any warming spell the rises the water temperature up a few degrees. Trout will gladly take advantage of the warmer temps to trap prey in the shallower areas. Occasionally a redfish will be found mixed in with the trout, but they are still best targeted in the marsh. Redfish are much less affected by the cold than most other costal fish and can be found in the shallow marshes during all winter long. Any finfish or fish imitation will catch the reds. Sheepshead are also another species to keep on eye on this month. The "convicts" can be found grouped up a long nearly every form of hard structure this time of year, from rocks, to breakwaters, to oyster pots, to oil rigs. While you will see less on the big females that can be found in the early spring, right now is the perfect time to go out and catch big numbers of the striped fish. It's hard to beat a live fiddler crab on a small hook with a couple split shot running up the line, though hermit crabs, shrimp, and even oysters will also work. Get out there and get after them!

## THE BULLETIN BOARD

# NOVEMBER 3RD Meeting Recap

We would like to thank all our guests and sponsors from the last meeting. We had a good turnout and great food, as always, from Moe's barbecue.

Our speaker last month was Max Westendorf with the Claude Peteet Mariculture Center (Fish Hatchery). Max focused on their flounder brood raising projects which was very interesting. It's exciting to see all the changes being made for our fishery in the areas of conservation and management. I think we all noticed the improvement this year with a massive jump in flounder numbers. Hopefully more great things are to come!

Also, a big shout out to FishBites, Tackle This, Deer River Bait and Tackle and others who helped sponsor our raffles and door prizes.

Thank you!
